## Work History

Shopify Developer  
jeweli

march2024-present  
suart

- Developing and maintaining responsive and dynamic web applications using modern front-end technologies.
- Collaborating with the team to design user-friendly interfaces and implement client requirements.

React JS Intern  
Celebal Technologies

- Successfully completed a 2-month internship focusing on React JS development.
- Worked on various front-end projects, contributing to the development and optimization of user interfaces.

## Projects

rock-paper-scissors

[Live View](#)

- Developed a classic interactive game using React and Vite, demonstrating proficiency in modern front-end tooling.
- Implemented core game logic and managed application state efficiently to handle scoring and display real-time results.

youtube-clone

[Live View](#)

- This is a web development project that focuses on replicating the look and feel of the main YouTube video browsing interface. It is a front-end design study demonstrating proficiency in structuring and styling a complex, modern web layout.

Mega Mart

[Live View](#)

- Built a responsive and modern Shopify store for an electronics brand using Liquid, HTML, CSS, and JavaScript. Customized the theme, designed clean product and collection layouts, optimized navigation, and improved overall UI/UX for a smooth shopping experience.
